EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the first paragraph of the specification concerning the related applications after "March 28, 2000" insert -now pending,-; after "January 11, 1999," insert -now U.S. Patent 6,268,389,-; and after "February 26, 1996," insert -now abandoned,-.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate or render obvious the claimed compounds or pharmaceutical compositions comprising them. The closest prior art compounds are disclosed in US Patents 4,213,995, 4,287,201, 4,461,904 and European Patent 12822. The compounds of the references differ from those claimed in the substituents attached to the phenyl radical. The references provide no motivation to modify the compounds disclosed therein to arrive at the claimed compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
